Braintree, Massachusetts*

Dedication

If Braintree High were to choose candidates for a "most capable" award, Mrs. Campbell would be highest on the list. For the past forty-one years she has weathered all the crises of the school while serving under three principals. Certainly our present principal, Mr. Hjelm, would be the last to deny her competence, for where could he find a more able secretary or a more willing right hand? In addition to being efficient, Mrs. Campbell is considerate, understanding, and worthy of the trust and admiration that students and faculty alike have given her. The memories she leaves us will always be cherished.

Dedication

Ideally, a teacher is a giver. She enriches her students through her knowledge, skill and personal experiences; she gives of herself. This is an apt description of Mrs. Bernardine Gutterson, English and Latin teacher and long time faculty advisor of the Junior Classical League. During thirty-nine years in Braintree until her retirement in June of 1970, Mrs. Gutterson was known to everyone for her countless virtues. She is truly a dedicated teacher and inspires in her students an appreciation for knowledge and the desire for excellence. Her hard work and helpfulness to all will make the absence of this fine educator from Braintree High School greatly felt.

FACULTY AND ADMINISTRATION

William F. Young (Superintendent)

This will have been your last year in public school and, for most, it culminates thirteen years in all. During that time, your teachers have presented you with many facts in many subjects. They have given you the opportunity to explore new ideas and to learn to think and to express yourselves. We trust their instruction has been valuable to you, that in their guidance they have led rather than commanded. Their effort has been in your behalf to help you grow into sensible, thinking people. Only in the lives you live will you or we learn whether their skills have been constructively productive.

*It is not growing like a tree
In bulk, doth make man better be;
Or standing long an oak, three hundred year,
To fall a log at last, dry, bald, and sere:
A lily of a day
Is fairer far in May,
Although it fall and die that night;
It was the plant and flower of light.
In small proportions we just beauties see;
And in short measures, life may perfect be.*

This year, the Braintree High School Student Council's activities have extended even further than in previous years. In addition to organizing and operating the Student Lounge, the council members are running a before-school coffee and doughnuts program. Proceeds from these and many other fund-raising activities have gone to CARE and a needy local family. They gave a tea for this year's foreign exchange student, César López, sponsored two dances, and will present the yearly Navy Band assembly.

Student Council members' efforts at better communication is evidenced not only in their whole-hearted support of school and community functions, but most recently in a proposed Student Bill of Rights, a state-wide project establishing guidelines on student rights and responsibilities.

School Committee Representatives

Something new has been added. Jim McDonough, Bill Nelligan, and John Shaughnessy are Braintree High School's representatives to School Committee meetings. They bring a "student's eye view" to the educational concerns that involve us all.

Photography Club

"Crop," "reduce," "enlarge," are all familiar terms to these camera buffs whose work appears in school publications and local newspapers.

Vistec

VISTEC is a volunteer organization dedicated to the helping of the special children at St. Coletta's in Braintree and the Paul A. Dever School in Taunton.

Its president, Bob Palumbo, has done a great deal to promote fund raising activities which aid the children. Members work with the children and take them on field trips.

The experience is a rewarding one for both the children and the volunteers.

Mod Squad

The problems of smoking and drug abuse are prominent in today's society. Our socio-biology director, Mr. Lague, has initiated the Mod Squad program in the hope of informing the Braintree elementary school students of the harmful effects of smoking and drugs.

The Mod Squad includes junior and senior members, two boys and two girls to a squad, who are outgoing, personable young people who are able to get along with, and win the trust of, elementary school children. All members of the Mod Squad are enrolled in a psychology program conducted by Mr. Lague. This program gives the squad a basic understanding of younger students.

The success of the Mod Squad has drawn interest from many school officials throughout the country.

Working during free periods, after school and during vacations ... "Anybody want to buy a yearbook today?" ... deadlines, deadlines, deadlines ... "Hey, next year let's have a paperback book" ... picture taking assignments ... "Who's got the divider page?" ... on the trail of the clever caption ...

Newspaper

The Newspaper Staff triumphs over the hardships of scrounging for photographs, doubling up on assignments, agonizing through layout planning, and encountering the considerably underwhelming response to sales promotion.

Audio-Visual Aids

Tracking down phonographs, delivering projectors, taking film orders, and hunting for order forms are but a few of the frustrations daily encountered by the A-V Aides.

Future Teachers

Interesting guest speakers highlight the year for these students with an eye to the future. Given the ever-changing aspects of education, these Future Teachers are acquainting themselves early with the problems and the rewards of a dynamic profession.

Office Staff

These are the office's junior Girl Fridays, manning the switchboard, filing absence notes, giving late passes, and circulating the daily attendance bulletin.

Guidance Aides

The Guidance Aides work under the direction of counselors and secretaries. They do general clerical work, put up bulletin boards, maintain college catalogues, and run the many necessary errands for the busy Guidance Department.

Future Secretaries

The purpose of this club is to give girls who are interested in a secretarial career a little knowledge and a better understanding of this field. Holding meetings the first Thursday of every month, the girls listen to guest speakers, engage in fund-raising projects, and offer a scholarship to help further the education of the club's worthiest girl. But the group's activities are not strictly business. They are planning a week in New York for pleasure and sightseeing.

Future Nurses

Helping out in the Health Office, running cake sales, and working often as volunteers, these girls gain some insights into the rigors and rewards of the nursing profession.

Library Staff

Seeking elusive overdue books ... trying to collect the equally elusive overdue fines ... distributing library passes ... selling book covers and folders.

Le Cercle Français

Le Cercle Francais, under the direction of Miss Richards, believes that the study of French is enhanced by contact with the culture and civilization of the French people. The French Club endeavors to foster a deeper appreciation of France and its people through the films, plays, and discussions held at its monthly meetings.

This year, members also enjoyed interesting trips to neighboring schools, museums, and French restaurants.

La Société Honoraire De Français

The French National Honor Society, Braintree High School Chapter 63, existing since 1960, honors the best students of French IV and V, with the purpose of encouraging more students to do better work in French and to take a more active part in French activities. The Society meets monthly and every member must participate in French, presenting varied and interesting programs.

National Honor Society

Debate Club

Science Club

This year, the Science Club has given demonstrations in first aid, astronomy, biology, weather, and machinery at many Braintree elementary schools. In addition, the members have taken field trips to the Science Museum, the Aquarium, and the nuclear reactor in Plymouth. Under the direction of Mr. Engstrom, they investigate the marvel and mystery of the world around us.

Math Club

Braintree is a member of the Greater Boston Mathematics League, South Division. We compete with other South Shore high schools. Competing this year have been Exchequer of the Exponents Glennon, Regent of the Radicals Casey, Protector of the Powers Corrigan, President of the Primes Whittaker, Dictator of Derivatives Norton, and Principal of Substitution Griffin. Junior Tetrarch of Trigonometry Bookman is high scorer. Honors include fourth place in the overall standing and a perfect round, 18 out of 18 points.

Girls' Chorale

This popular chorale entertains at school assemblies and features pop music.

Madrigal Singers

Braintree High School's select singing group specializes in Renaissance music and is equally talented and comfortable in the area of popular music. Under the direction of Mr. Clinton, the singers present concerts at different junior high schools and churches. Look for their spring recording on the Crest label.

B.H.S. Goes International . .

Lily Eckes — German Exchange Student 1970

"... Even now back again in Germany my thoughts are wandering to B.H.S. It was quite an experience to attend an American school, having the opportunity to form my own opinion, seeing things with my own eyes ... Well, and now there comes a chapter which is not so easy to be described. I was so deeply impressed by the generosity, the way I was accepted as well by my teachers as by all the kids whom I met. The extraordinary widespread friendliness was just great. I never felt like 'a fifth wheel on a wagon,' as we used to say in German, but from the beginning on I belonged to the group ... and the longer I am away from you all the more I see you with a glory of remembrance."

Summer '70 in Argentina

Senior Richard Paolucci spent summer 1970 in Cañada de Gómez, Argentina, as an International Fellowship Exchange Student. He lived with the Gardenals, a middle class family, and attended the local public school where the average student must take fourteen subjects per week.

Six Months in Braintree

Richard Paolucci and his family are playing host family this year to César López, as part of the Student Council sponsored International Fellowship Program. César, from León Nicaragua, is spending six months in this country, studying at Braintree High School.

*M.I.T. High School
Studies Program*

Creative photography, computer programming, interpersonal communications, sociology are some of the courses offered by the M.I.T. High School Studies Program. Saturday mornings high school students participate in the program which is more than just another educational experience.

It's a breather from high school—easygoing, unstructured, without tests or requirements. It's having students like yourself for teachers. It offers freedom to experiment, inquire, and discover. A total atmosphere in itself, the program is for anyone who wishes to reach beyond the limitations of a formal curriculum.

Football

1970

A season to remember for Captain Mike Irwin and senior squad members—Adolph Bellizeare, Arthur Capaccioli, Brian Donovan, Mike Higgins, Dennis Hoffman, Robert Jones, Milton McLaurin, Jim Mullen, Denis O'Brien, Bob Palumbo, James Sauer, Alan Shaw, Edward Shedlock, Brian Sullivan, Mark Sullivan, and Stephen Wright.

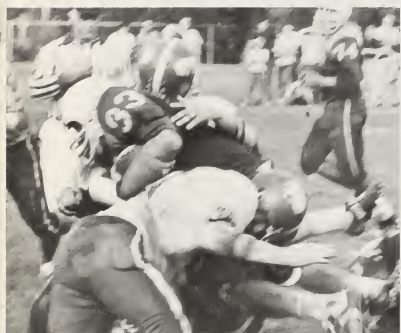

Bay State League Championship

Returning from a disappointing year in 1969, the B.H.S. football team vaulted to the Bay State League title with an undefeated and untied season (9-0-0). Led by senior captain Mike Irwin and star halfback Adolph Bellizeare, the Wamps proved to be too powerful for the Bay State League competition. Coach Ed Beck enjoyed his finest season as B.H.S. coach, taking Braintree to the Class B State Co-Championship.

Coach Ed Beck

Soccer

Under the direction of Coach Carson, the Braintree High School Soccer Team became the first team in the history of the Bay State League to win the League two years in a row.

With a season's record of 14-1-1, the team beat Winchester in the quarter finals, Newton in the semi-finals, losing to New Bedford in the finals.

Steve Paylor led the team in scoring, Mark Barry was second; Dexter Legg was the superior goalie.

All Stars included Captain Mark Barry, Dexter Legg, Wally Shea, and Nick Ulli.

Indoor Track

New in the Bay State League this year, Braintree's indoor track team, with tri-captains Paul McDonough, Paul Infrerra, and Adolph Bellizeare, gave strong competition to all teams. With a hopeful record of 6-2, this team worked with little glory and recognition to boost Braintree's chances for the All Sports Trophy.

Cross Country

Improving over last season, the cross country team, captained by seniors Larry Thode and Mike Macaluso, scored a record 7-2 and tied for second place in the Bay State League. Paul McDonough was the team's top runner.

Basketball

This was a year of change for the Braintree High School basketball team with the turnover of coaches and the establishment of new systems. The general improvement as the season progressed showed that loyalty and team effort were strong as ever. Many of the games were lost by two or three points, with an overall average of 5.5 win-loss differential.

Hockey

Ice hockey showed fantastic effort this year with an even win-loss record. With the drive and energy of tri-captains Steve Woods, Dennis McLeary, and Scott Smith, Braintree's general improvement throughout the season has proven they are a tough team to beat.

Wrestling

The wrestling team just completed a 5-6 season, placing fifth in Bay State League standings. The team's tri-captains, Jim Sauer, Dennis O'Brien, and Denis Champagne, distinguished themselves. Sauer won seven, lost four; O'Brien possessed a 4-3-1 mark; and Champagne's record was 7-4.

Under the fine coaching of Mr. Schuhwerk, Braintree's gymnastics team had an excellent season. The Wamp gymnasts won the Bay State League Championship and finished the regular season with a record of nine wins and no defeats. The Wamps' hard work and dedication enabled them to become the highest scoring team in the state this year.

Gymnastics

Girls' Gymnastics

Under Coach Smith and Co-Captains Leslie Benson and Joyce Squarebrigs, the girls' gymnastic team scored five wins to one loss, placing second in the Bay State League. Qualifiers for the State Individuals were Linda Nelligan, Linda San Miguel, Joyce Squarebrigs (all-round), and Sue Partridge (uneven parallel bars).

This year's team has improved greatly due to fine coaching, hard work, dedication, and a tremendous team effort.

Girls' Basketball

The girls' basketball team completed an outstanding season this year with an 8-3 record in the Bay State League. They went on to the Girls' Southern Massachusetts Invitational Tournament where they defeated Sharon High School in the preliminary round but were defeated by Hanover High in the semi-finals. This is the farthest the team has gone since 1964. The team was captained by Paula Daley and Carol Swindler, with high scorers Carol Swindler, Pat Leminen, and Janet Whitman.

Mini Courses

Interested in Black Studies? Are you a history buff with a passion for great battles in history? Do you secretly yearn to communicate with Atman? Can you beat your best friend at chess? Are you all thumbs with yarn, but long to knit it yourself? If any of the above apply to you, B.H.S. has the mini courses to help you out. Conducted on a totally voluntary basis and held during free time in the afternoon, the mini course tries to give students a chance to explore areas of interests not covered during everyday class time.

Ski Trip

Switzerland

This year a group of Braintree High School students went international. During February vacation, 47 students, organized by Bill Scavuzzo, went on a ski excursion to Switzerland. The group spent 10 days seeing the sights of Europe, stopping in Shannon, Dublin, Zurich and Davos. Several students also visited West Germany to see Lily Eckes, the West German student who attended Braintree High last year. The group engaged in such varied activities as bob sledding, ice skating, sleigh riding and sightseeing, not to mention skiing.
